**** FINANCIAL INFORMATION ****

Estimates include tuition and fees for one academic year and 12 months of living expenses. They do not include summer tuition. The cost of tuition is subject to change without notice. When computing your expenses, remember that you should not look to employment as a means of support unless an offer of an academic appointment (teaching or research assistantship) accompanies admission to a graduate department. Although proof of funding is required for only the first year, you are expected to fund your studies for the duration of your program. Financial aid is generally not available to new international students, and financial assistance to continuing students is extremely limited. Students enrolled at the University are required to have medical insurance, which is included in the cost of tuition and fees. Dependents of J-1 exchange visitors are required to have medical insurance but it is advisable for all dependents to also have medical insurance. Costs for insurance can be found at: < <http://world.utexas.edu/iss/insurance> >.

Please determine your estimated expenses:
