U.S. Department of State regulations require all students and visiting scholars in J-1 status and their J-2 dependents to have sufficient medical and evacuation/repatriation insurance coverage. Evacuation/repatriation coverage can be purchased online from International SOS as outlined below. **Note:** J-1 students enrolled in classes at UT Austin are automatically billed for evacuation/repatriation insurance and should not purchase this coverage online.

1. Go to the website [www.internationalsos.com/personal-travel](http://www.internationalsos.com/personal-travel)

2. In the “Get a Quote” section of the page, input the information **exactly** as shown in the example below, along with your dates of Departure (first date you need effective coverage) and Return (last date you need effective coverage).

Note: SOS Rates are shown below. Please be aware that a 6-month plan costs only slightly less than a 1-year plan. If your current stay is 6 months or less, but could be extended, you may want to consider purchasing a 1-year plan.
